BCRP is an action group of Brighton & Hove Business Forum Ltd.
www.brightonbusiness.co.uk

The benefits to being a member of the Business Crime Reduction Partnership are:

- Free licensing consultancy services to all BCRP members
- State of the art password protected website provides accurate intelligence and up-to-date images of all offenders subject to exclusion
- Target hardening of the most prevalent offenders by way of exclusion notices and ASBO's – our team will represent businesses in court free of charge
- Increase profitability by reducing crime, the fear of crime, stock losses and anti-social behaviour
- Access to the National Business Information System (NBIS) – detailing information about criminals and criminal activity directly affecting your business
- Quarterly business crime reduction groups around the city
- Weekly enewsletter
- The BCRP radio system is the only system that has direct contact with the City wide police CCTV network
- Free crime reduction training in partnership with Sussex Police and Brighton & Hove Trading Standards Department
- Tax benefit – BCRP membership fees – if wholly and exclusively for business purposes – the whole amount is claimable as a legitimate business expense
- Unique data sharing agreement between BCRP members and Sussex Police

The BCRP is a partnership-based approach to preventing crime and disorder. The partnership, at its simplest, is an intelligence gathering and information sharing system that enables the effective prevention of crime and disorder.

Businesses beating crime and anti-social behaviour by working in partnership

We are award winning crime reduction specialists who have already helped hundreds of businesses in Brighton & Hove to reduce crime and anti-social behaviour. With our help, businesses have been able to work more effectively with police and the local authority to create a safe and stable business environment. As a member of our partnership your business will benefit from reduced levels of crime and anti-social behaviour in or near your premise. The Business Crime Reduction Partnership can help maintain a sustained upturn for businesses and the community alike.

Why join the Partnership?

Crime and fear of crime have a significant negative impact on the profitability of businesses. We can help you to reduce shoplifting, alcohol related disorder, street drinking, begging, youth disorder and graffiti.

Areas that operate a Business Crime Reduction Partnership (BCRP) will see a reduction in business crime (national average 46% reduction). Individual businesses that become members, take a radio, take training opportunities and take part fully in the daily operation could see an 85% reduction in incidents. (Kent Police 2008).

Communication

Communications are central to maintaining a safer business community - in addition to the BCRP website packed full of information and intelligence on offenders - all members of the Business Crime Reduction Partnership are linked via the SafetyNet system to the police and police CCTV. A FREE radio is supplied as part of BCRP membership

Some of the successes of this SafetyNet radio communication system are:

- Professional travelling teams of shoplifters arrested
- Reductions in stock-losses due to early alert
- Anti-social behaviour reduced in or near licensed premises
